John James Audubon State Park

Relax in a woodland cottage and walk through the woods where John James Audubon studied and painted birds from 1810-1819. The museum and nature center interpret his life through exhibits and a world-renowned collection of his paintings and memorabilia. A wildlife observatory offers a front row seat to observe visiting animals. Check our website for seasonal hours of operation.

Cottages: Five 1-bedroom cottages and one ADA-accessible 2-bedroom cottage. Fully equipped kitchens with linens provided. Wood burning fireplaces in 1-bedrooms during winter.

Golf: Nine-hole course with pro shop, rental clubs and carts.

Camping: 69-site campground with showers and rest rooms, picnic tables, grills and a playground. Reservations on-line or at 1-888-4KY-PARK.

Fishing: Variety of species available in 28 acre lake.

Hiking Trails: Over six miles of trails.

Recreation Activities: Year-round, interpretive programs. Planned recreation, tennis and pedal boats – seasonal.

Picnicking & Playground: Four picnic shelters (one with restrooms), tables, grills and a playground.

Groups: Meeting facility can accommodate 150 guests lecture-style. The Challenge Course develops self confidence and team awareness (available for groups and must be scheduled).
